

LEGENDA / LEGEND / LEGENDE / LEYENDA			
<b>mA</b>	Morsetiera arrivo linea Terminal board line arrival Bornier arrivée ligne Klemme Eingang Stromleitung Borne final de linea	<b>Tc</b>	Termocoppia di sicurezza Safety thermocouple Termocouple de sécurité Thermoelement Sicherheitsthermostat Termocoppia de seguridad
<b>F1</b>	Fusibile 3,15 A-T Fuse 3,15 A-T Fusible 3,15 A-T Sicherung 3,15 A-T Fusible 3,15 A-T	<b>Gi</b>	Giunto interrotto termocoppia Interrupt joint thermocouple Joint interrompu thermocouple Verbindung Unterbrechung Thermoelement Junta interupta termocoppia
<b>SL</b>	Centralina controllo livello Level control device Centrale controle niveau Steuereinheit Niveauekontrolle Centralita control nivel	<b>Rg</b>	Rubinetto gas Gas tap Robinet gaz Gashahn Llave gas
<b>LV</b>	Led spia verde presenza tensione In-tension green lamp signal Led témoin vert présence tension Led grün, Spannung vorhanden Led espia verde presenza tension	<b>Pa</b>	Pulsante accensione Switching on button Bouton d'allumage Drucktaster Zündung Puldor encendido
<b>LR</b>	Led spia arancio riserva acqua Finishing water orange lamp signal Led témoin orange réserve d'eau Led orange, Wasser fehlt Led espia naranja agua casi terminada	<b>TR</b>	Trasformatore per accensione Transformer for ignition Transformateur pour allumage Transformator für Zündung Transformador de encendido
<b>LA</b>	Led spia rossa mancanza acqua Missing water red lamp signal Led témoin rouge manque d'eau Led rot, zu wenig Wasser Led espia roja falta agua	<b>Ca</b>	Candela di accensione Ignitor candle Bougie d'allumage Zündkerze Candela de encendido
<b>TS</b>	Termostato di sicurezza Safety thermostat Thermostat de sécurité Sicherheitsthermostat Termostato de seguridad	<b>S1</b>	Elettrovalvola carico intercapedine (optional PAAR) Double racket charge solenoid valve (optional PAAR) Electro-soupape chargement double paroi (optional PAAR) Elektroventil Befüllung Zwischenmantel (optional PAAR) Electrovalvula carga doble pared (optional PAAR)
