PRODUCT DESCRIPTION

Name:	• 1/1 GN container „Melamin“
Code-No.:	• A122301
Material:	• melamine, white
Capacity:	• 6.6 litres
Temperature range:	• 0 °C to 70 °C
Dimensions:	• W 530 x D 325 x H 65 mm
Weight:	• 1.8 kg

Properties

- ❖ Elegant and robust container in an attractive porcelain look with impressive material properties:
 - rugged, hygienic, odour and taste neutral.
- ❖ The combination of user-friendliness and an elegant design makes this container the perfect choice for use e.g. in refrigerated counters or directly at the buffet.
- ❖ Certified for contact with food
- ❖ Stackable
 - Caution! Not suitable** for microwave oven, baking oven or chafing dish.

Use and maintenance instructions

- Do not use for food heating.
- **Do not place** in the microwave oven, baking oven or chafing dish.
- **Do not place** on the grill or open fire.
- Avoid using sharp knives which may scratch the surface.
- After use always wash the container in warm water with gentle washing agent. Use soft cloth or sponge. Thoroughly rinse in clean water to remove the washing agent residuals. Dry the container.
- Do not use any aggressive or abrasive washing agents, steel clothes, or rough sponges for washing the container.
- Do not use any chlorine bleachers and chlorine-based products for washing the container.
