**LIST OF PARTS**

- 1 Sieve insert
- 2 Ashtray with sand
- 3 Lid with slot
- 4 Housing
- 5 Inner waste container
- 6 Housing bottom
- 7 Rubber seal

## POSITIONING

- Select place for positioning the standing ashtray.
- Fix the rubber seal to housing bottom and position the ashtray in selected place. Put on the lid.
- Install the ashtray, place the sieve insert in it and pour some sand.

## EMPTYING AND CLEANING

Empty and clean the ashtray regularly.

In order to facilitate emptying and cleaning the sieve insert with sand and the inner waste container are equipped with handles.

- To empty the ashtray with sand remove the sieve insert with use of handles and dispose of its content.
- Clean the sieve insert and reinstall it in sand by rotating it slightly.
- Replace sand in the ash tray when required.

- To empty and clean the inner waste container remove lid from the housing.
- Use folding handles to remove the inner container from housing and empty it.
- Wash the inner container in warm water with the gentle washing agent. Then dry it and reinstall in housing.
- Clean the standing ashtray housing and lid with soft, moist cloth.
- Put the lid on the housing and place the sieve insert in the ashtray.
